

## SITTING ARRANGEMENT

**Direction (1-5):** Study the following information carefully and answer the questions given below:

M, N, P, Q, R, S and T are sitting around a circle facing the centre. P is second to the left of S and third to the right of M. T is third to the left of S. Q is not an immediate neighbour of S. N is not an immediate neighbour of M.

**1) Who is third to the right of N?**

- 1) Q                      2) T                      3) P                      4) R                      5) None of these

**2) Who is second to the left of M?**

- 1) N                      2) R                      3) S                      4) Cannot be determined                      5) None of these

**3) Who is sitting between P and S?**

- 1) R                      2) R and N                      3) N                      4) Data inadequate                      5) None of these

**4) How many persons are sitting between Q and S?**

- 1) Two                      2) Three                      3) Four                      4) Two or three                      5) None of these

**5) Who is sitting between T and M?**

- 1) R                      2) N                      3) Q and P                      4) Data inadequate                      5) None of these

**Direction (6-10):** Study the following information carefully and answer the question given question below:

A, B, C, D, E, F, G and H are sitting around a circle facing the centre. F is second to the right of A and third to the left of C. B is second to the left of C and fourth to the right of H. D is second to the right of G.

**6) Who is the immediate left of D?**

- 1) H                      2) C                      3) G                      4) Data inadequate                      5) None of these

**7) Who is second to the right of E?**

- 1) B                      2) G                      3) H                      4) Data inadequate                      5) None of these

**8) Who is third to the left of B?**

- 1) E                      2) H                      3) F                      4) Data inadequate                      5) None of these

**9) What is the position of G with respect to A?**

- 1) Third to the left                      2) Third to the right                      3) Fifth to the left  
4) Fourth to the right                      5) Fifth to the right

**10) In which of the following combinations is the third person sitting in between the first and the second persons?**

- 1) BGC                      2) EFB                      3) DAH                      4) AEF                      5) GCD

**Direction (11-15):** Study the following information carefully and answer the question given question below:

P, Q, R, S, T, U and V are sitting around a circle facing the centre. S is sitting between P and V. U is second to the right of V and T is second to the right of U. R is not an immediate neighbor of V.

**11. Who is on the immediate left of T?**

- 1) P                      2) R                      3) U                      4) Data inadequate                      5) None of these

**12. Which of the following is not true?**

- 1) V is second to the right of P.    2) Q is second to the right of S.    3) U is second to the left of T.  
4) T is second to the left of S.    5) All are correct

**13. In which of the following groups is the third member sitting between the first and second members?**

- 1)TPS    2)SVQ    3)VUQ    4)SPV    5) None of these

**14. Who is sitting between R and P?**

- 1)T    2)S    3)U    4)V    5) None of these

**15. Who is sitting third left of R?**

- 1) V    2) S    3) Q    4) P    5) T

**Direction (16-21): Study the following information carefully and answer the question given question below:**

P,Q,R,S,T,V,W and X are captains of eight different cricket teams, namely Australia, New Zealand, India, Pakistan, Sri Lanka, England, West Indies and South Africa, but not necessarily in the same order. All of them are seated around a circular table and are facing the centre.

P sits third to the left of the Sri Lankan captain. Only two people sit between T and W. Neither T nor W is an immediate neighbour of P. Neither T nor W is the captain of Sri Lanka. The captain of South Africa sits second to the right of S. S is not an immediate neighbour of P. S is not the Sri Lankan captain and P is not the captain of South Africa. The Australian captain sits third to the left of V. The Australian and Sri Lankan captains are not immediate neighbours. Only one person sits between S and the Indian captain. Captains of Pakistan and New Zealand are immediate neighbours. S is not the captain of New Zealand's team. Only one person sits between Q and the captain of the England. The captain of England is an immediate neighbour of X. W and Q are not immediate neighbours.

**16) How many people sit between T and the captain of England when counted in clockwise direction from T?**

- 1) None    2) One    3) Two    4) Four    5) Five

**17) Who is the captain of the Australian team?**

- 1) P    2) V    3) W    4) T    5) Q

**18) Which of the following would come in place of question mark based upon the given seating arrangement?**

VS    XR TV    RP    ?

- 1) SW    2) WX    3) QW    4) QX    5) VR

**19) Which of the following is true with respect to the given seating arrangement?**

- 1) R is the captain of South Africa    2) W is an immediate neighbour of V  
3) The captains of Australia and England are immediate neighbours  
4) Four people sit between W and Q    5) X sits second to the left of S.

**20) Who is the Indian captain?**

- 1) Q    2) V    3) X    4) T    5) Cannot be determined

**21) What is the position of the captain of West Indies with respect to R?**

- 1) Immediate left      2) Second to the left      3) Third to the right  
4) Second to the right      5) Third to the left

**Directions (22-26): Study the following information and answer the given questions:**

A, B, C, D, E, F, G & H are eight friends and sitting around a circular table but not necessarily in same order. Some of them are facing inside and some of them are facing outside. A sits third to right of H. There is two people sits between H and B. C sits second to left of B. There is three people sits between B and E. D is second to left of F, who is not immediate neighbor of A. Immediate neighbours of H faces same direction as H. F sits third to left of A, who faces centre. The immediate neighbors of A face opposite to the direction of A.

Q22. Who is sitting third to right of F?

- (a) C      (b) B      (c) A      (d) E      (e) D

Q23. Who is facing inside?

- (a) AD      (b) AGH      (c) AB      (d) ADC      (e) None of these

Q24. Who sits opposite to H?

- (a) A      (b) D      (c) F      (d) E      (e) G

Q25. How many people are sitting between C and B, when counted from left of C?

- (a) Two      (b) Three      (c) One      (d) Four      (e) Five

Q26. Who is sitting exactly between D and C when counted from right of D?

- (a) HE      (b) CE      (c) FH      (d) BF      (e) DF

**Direction (27-32): Study the following information to answer the given question below:**

Twelve people are sitting in two parallel rows containing six people each such that they are equidistant from each other. In row 1, A,B,C,D,E, and F are sitting facing South. In row 2, P,Q,R,S, T and V are sitting facing North.

Therefore, in the given seating arrangement, each member sitting in a row faces another member of the other row.

Three persons sit between C and D. Either C or D sits at an extreme end of the line. The one who faced D sits third to the left of R. S faces the one who sits third to the left of A and he cannot sit adjacent to R. The immediate neighbour of Q faces the immediate neighbour of A.

Only one persons sits between P and T, who is facing the one sitting on the immediate right of E. Neither E nor F faces R. V and Q cannot sit adjacent to each other?

**27) Who among the following faces B?**

- 1) P      2) Q      3) T      4) R      5) S

**28) Who among the following sit at the extreme ends of the rows?**

- 1) D,Q      2) T,F      3) E,S      4) B,T      5) F,Q

**29) If E is related to P in the same way as C is related to S, which of the following is A related to, following the same pattern?**

- 1) V      2) R      3) Q      4) T      5) Can't be determined

**30) How many persons are sitting between E and F?**

- 1) None      2) One      3) Two      4) Three      5) Four

**31) Four of the following five are alike in a certain way based on the given arrangement and so form a group. Which is the one that does not belong to that group?**
